M 1465

From: WASHINGTON

To: MOSCOW

No: 3707

29 June 1945
~~23 August 1944~~

To the 8th Department. "REJDER's"[i] information. At a meeting with

[26 groups unrecovered]

...opinion that after the war, at least [one group garbled or unrecovered] TIR[ii],

[37 groups unrecoverable]
[5 groups unrecovered]

...measures in this connection. Now that since the collapse of Germany the general direction

[26 groups unrecovered]

... mobilization and reconversion

[23 groups unrecoverable]
[3 groups unrecovered]

... half a dozen [one group unrecovered] and it is already clear that in the DEPO[iii]

[15 groups unrecovered]

... by 15 to 20%

[25 groups unrecovered]
[15 groups unrecoverable]

... with [19 groups unrecovered]. According to this view the total number

[47 groups unrecoverable]

... the West's boom will be comparatively small, and its whole effect will be swallowed up faster by a decrease in government [2 groups unrecovered] purchases and by a reduction in the purchasing power of the masses. According to this view, by 1947 or the beginning of 1948 production will probably be a third lower than in the first half of 1945, and the number unemployed will increase to 15,000,000
